

INDRAPRASTHA INSTITUTE *of*

INFORMATION TECHNOLOGY DELHI

A State University established by Govt. of NCT of Delhi

THE FUTURE OF IT IS BEING INVENTED AT IIIT-D

are you in?

IIIT-D is a State University set up by the Delhi Government that focuses on both research and teaching at the undergraduate and postgraduate levels in Computer Science and Electronics & Communication Engineering.

Our faculty is amongst the best in the country - A Ph.D. with a good research record from a top university is an application requirement!

Our research labs (in collaboration with students like you) have developed tools to provide cost-effective health devices, link the DTC and Metro databases, identify suspected terrorists on the internet and much more.

IIIT-D has the autonomy to completely decide its course structure, and our B.Tech programmes in CSE & ECE are cutting-edge and fully industry-oriented. After your first two years (where you learn basic IT courses), you can opt for streams as varied as finance, biology and basic sciences. At this stage, you can apply the IT skills you learned to do interesting work in your area of choice.

If you're passionate about IT or Electronics, and feel that you want to be part of an institution doing cutting-edge research, consider applying to IIIT-D.

All you need is: 80% or greater aggregate score, and 80% or greater score in Mathematics in the 12th Board Examinations and should have appeared in the JEE (Mains) 2013.
